Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for ***each*** of the following positions as indicated below:

1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- Principal Executive Officer/Chief Elected Official
- Duly Authorized Representative
- Local Stormwater Public Contact
- Stormwater Management Program (SWMP) Coordinator
- Report Preparer

Section 4 - Certification Statement

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

This form must be signed by either a principal executive officer or ranking elected official, or duly authorized representative of that person as described in GP-0-08-002 Part VI.J.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village continued its Public Education and Outreach program through information posted on the Village's website related to flooding, stormwater management, and the importance of protecting waterways. The Village provides regular updates on the progress of erosion control and drainage projects at monthly Board meetings. All residents are aware of the ongoing drainage improvements construction and street work, so stormwater management is high profile in the Village.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village is a Community Rating System (CRS) community. Annual CRS mailings are sent to all property owners, informing them of flood risks and stressing the importance of stormwater management in preventing impacts to the surface waters surrounding the Village. The Village uses newspaper publications and informative pamphlets to inform the residents about stormwater management. The residents are aware that their actions directly affect the stormwater quality.

C. How many times was this observation measured or evaluated in this reporting period?

		1	2
--	--	---	---

*(ex.: samples/participants/events)***D. Has your MS4 made progress toward this Measurable Goal during this reporting period?**
 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue to promote Public Education and Outreach in the next reporting cycle with stormwater related posts on the Village website. The Village will continue to promote public involvement by holding public meetings about ongoing projects for improving the drainage system as well as planned erosion prevention and drainage improvement projects which will improve infrastructure and reduce flooding throughout the Village.

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village works closely with New York State and FEMA, as these entities fund some of the ongoing projects in the Village such as the Transit Oriented Development project and HMGP drainage project. The Village Board of Trustees provides status updates at monthly Board meetings, and minutes are posted on the Village's website. Public involvement in stormwater management throughout the community is supported by these activities.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village residents are engaged in stormwater management and have MS4 program awareness as a result of the information provided on the Village website, at monthly Village Board meetings, and in local newspapers. The residents see the progress of the high profile HMGP drainage system improvements and TOD projects on a daily basis. The residents continue to track progress throughout these vital projects and see first-hand the impact best management practices can have.

C. How many times was this observation measured or evaluated in this reporting period?

		1	2
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village is committed to continuing its efforts to inform the public and solicit input from the community related to flood impacts and stormwater management. It will continue to share information and host meetings as a forum for open discussions with the community. The residents will continue to monitor the progress of infrastructure projects. The Village is in the CRS program, and all property owners benefit from the flood insurance premium reductions related to this program.

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Village Code Enforcement staff and the DPW are out in the community on a daily basis and they take action when they observe potential illicit discharges. IDDE is incorporated into visual inspection and maintenance activities. Annual MS4 training was attended by 17 Village DPW and other staff on 3/8/2023; illicit discharges and other MS4 related issues addressed by the Village were discussed and the important role played by Village staff in stormwater management was stressed.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village outfalls were inspected for dry weather flow during this reporting period; no evidence of illicit discharges was observed during these inspections. No summonses were issued for inappropriate discharges during the reporting period, indicating the effectiveness of the Village's MS4 program, including inspections, investigations, and reporting. The overall Village awareness grows each year, with residents are on the lookout for improper stormwater management activities.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

MS4 Refresher training for Village staff will be performed before the end of the next reporting period and IDDE will be reviewed. The Village will continue in its efforts to identify illicit discharges. Any illicit discharges observed or reports will be investigated and eliminated according to the authority provided by Village Local Law 5 of 2007 (prohibiting illicit discharges), Local Law 6 of 2016 (MS4 violation penalties) and Local Law 10 of 2016 (contractor cement truck rules).

Minimum Control Measures 4 and 5.
Construction Site and Post-Construction Control

The information in this section is being reported (check one):

- On behalf of an individual MS4
 On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1a. Has each MS4 contributing to this report adopted a law, ordinance or other regulatory mechanism that provides equivalent protection to the NYS SPDES General Permit for Stormwater Discharges from Construction Activities? Yes No

1b. Has each Town, City and/or Village contributing to this report documented that the law is equivalent to a NYSDEC Sample Local Law for Stormwater Management and Erosion and Sediment Control through either an attorney certification or using the NYSDEC Gap Analysis Workbook? Yes No NT

If Yes, Towns, Cities and Villages provide date of equivalent NYS Sample Local Law.

09/2004 03/2006 NT

2. Does your MS4/Coalition have a SWPPP review procedure in place? Yes No

3. How many Construction Stormwater Pollution Prevention Plans (SWPPPs) have been reviewed in this reporting period?

		0
--	--	---

4. Does your MS4/Coalition have a mechanism for receipt and consideration of public comments related to construction SWPPPs? Yes No NT

If Yes, how many public comments were received during this reporting period?

		0
--	--	---

5. Does your MS4/Coalition provide education and training for contractors about the local SWPPP process? Yes No

6. Identify which of the following types of enforcement actions you used during the reporting period for construction activities, indicate the number of actions, or note those for which you do not have authority:

Minimum Control Measure 4. Construction Site Stormwater Runoff Control

The information in this section is being reported (check one):

- On behalf of an individual MS4
 On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. How many construction projects have been authorized for disturbances of one acre or more during this reporting period?

		0
--	--	---

2. How many construction projects disturbing at least one acre were active in your jurisdiction during this reporting period?

		0
--	--	---

3. What percent of active construction sites were inspected during this reporting period? NT

--	--	--

 %

4. What percent of active construction sites were inspected more than once? NT

--	--	--

 %

5. Do all inspectors working on behalf of the MS4s contributing to this report use the NYS Construction Stormwater Inspection Manual? Yes No NT

6. Does your MS4/Coalition provide public access to Stormwater Pollution Prevention Plans (SWPPPs) of construction projects that are subject to MS4 review and approval? Yes No NT

If your MS4 is Non-Traditional, are SWPPPs of construction projects made available for public review? Yes No

If Yes, use the following page to identify location(s) where SWPPPs can be accessed.

---	---	---	---	---	---	---	---	---

7. Evaluating Progress Toward Measurable Goals MCM 4

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Code Enforcement staff is vigilant in enforcing stormwater runoff regulatory standards, including the NYSDEC SPDES General Permit for Stormwater Discharges from Construction Activity, which applies to construction projects that disturb more than one acre of land. All Village staff are observant of construction site conditions and respond when inadequate stormwater management practices are observed.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has procedures to promote compliance with regulatory measures for stormwater runoff control, regardless of whether the one acre threshold for the SPDES General Permit for construction activity is met. The Village Code Enforcement staff encourages construction site operators to implement controls when necessary to improve stormwater management.

C. How many times was this observation measured or evaluated in this reporting period?

			0
--	--	--	---

*(ex.: samples/participants/events)***D. Has your MS4 made progress toward this measurable goal during this reporting period?**

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to ensure continued compliance with erosion and sediment control requirements, as well as other MS4 requirements. The Village will conduct site plan and SWPPP reviews as applicable, have procedures to inspect and enforce controls, and have a method for receiving public information on construction sites.

MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9,

2	0	2	3
---	---	---	---

If submitting this form as part of a joint report on behalf of a coalition leave SPDES ID blank.

6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Village of Island Park Local Law 7, Section 4.3, Maintenance after Construction, details the requirements for Post Construction Activities to address storm water runoff from any construction project that disturbs one acre or more, The Village will monitor Post-Construction Storm Water Management for any regulated projects if the one-acre threshold is met.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

No post construction Stormwater Management Programs were initiated during this reporting period. The threshold for SPDES General Permit for Storm Water Discharge from construction Activity is rarely met within the Village because almost the entire Village is developed.

C. How many times was this observation measured or evaluated in this reporting period?

			0
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Village of Island Park Local Law 7 of 2007, Section 4.3, Maintenance after Construction, details the requirements for Post Construction Activities. The Village will continue to enforce Local Law 7 as applicable. The Village will evaluate the number of post construction storm water management practices inventoried (if any) to measure the overall effectiveness of of the Post-Construction Storm Water Management program in the next reporting cycle. The Village will add applicable BMPs to the inventory as appropriate.

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):

- On behalf of an individual MS4
- On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

---	---	---	---	---	---	---	---	---

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village continued to maintain good operating practices to ensure compliance in furtherance of the MS4 General Permit requirements. The Village follows good housekeeping and BMPs to address operations that collect, store or release sediments, waste or other potential pollutants to avoid stormwater impacts. Annual MS4 training was provided to 17 Village staff members on 3/8/2023 as a refresher to promote continued good stormwater management practices.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village Code Enforcement staff and DPW staff issued warnings to landscapers who blow grass clippings into the street and contractors washing down trucks in the street to increase awareness. The Village fulfilled its responsibilities through its yard waste collection, recycling collection, garbage collection, snow removal, and street sweeping programs. The Village reduced road salt storage and used vector trucks to remove sediment and debris accumulation in storm drains.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

*(ex.: samples/participants/events)***D. Has your MS4 made progress toward this measurable goal during this reporting period?**

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Implementation of the HGMP drainage upgrades and other improvements under the Transit Oriented Development project continued in 2022. The Village will continue to implement its drainage system maintenance and inspection program to ensure the system remains in good condition and performs effectively. Storm sewer backup is the second most frequent cause of flooding issues in the Village. Continued maintenance will help mitigate rainfall related issues.
